Memo 1

The Comptroller recommends for adoption the following two suggestions contained in his office manual prepared by Mr Biddulph

(1) That a fixed contribution be levied from each municipality towards the cost of establishments maintained in the Demesne and Comptroller's offices as recommended in his letter No 2034 dated 24th April 1894 last to which no definite orders were received, as the procedure is simple and will save considerable labor of calculation in his office

(2) That the Budgets be submitted through his office to ensure greater accuracy in their preparation and to obviate the necessity for supplemental budgets.

Suggestion No I. (2) The summary of from correspondence in regard to

the proposal to levy a fixed annual contribution is given below:—

(a) In 1895, while reviewing the monthly municipal accounts the Comptroller was requested to report whether the cost of the establishments maintained in the Demesne and Comptroller offices were adjusted, as in the case of Dist. office establishments, quarterly, half yearly or yearly, and if so to what head the cost was in the first instance debited pending eventual apportionment to the several Municipalities in the Province

Para 3 of Pro etc 13027/306.92 23/4/93

(b) The Comptroller replied that $\frac{2}{3}$ cost of the Demesne office establishment (debited to Imd funds) and the entire cost of the Comptroller's office was first debited to "Suspense" and adjusted at the close of the year on proportion to the receipts

Comptroller's etc 2034/2914/98

receipts of each municipality
and that as the procedure
entailed great delay and as
the adjustment could only
be made after the whole of
the accounts were received and
checked, the Comptroller has
suggested that fixed annual
amounts calculated on the
average of revenues of 5 years
might be debited against the
Municipalities, such amounts
being provided for in the
annual budgets. (c) Before the
issue of final orders on this
suggestion, the Comptroller
was requested to state whether
(1) it was intended to charge
1/12 of such contributions in the
monthly account of each Mty,
(2) whether the suspense account
to which the charge was being
debited in the first instance
reverted to Municipal or
Provincial funds (and if the latter
(3) and if the latter whether the

(c) ∧

Pro ew 22795/12.92 07 13/6/95

the monthly bills of salaries might not primarily, as in Madras, be met from Provincial funds, the proposed fixed allotments being credited to it as contributions at the end of each year and thereby avoiding complications in the monthly accounts resulting from the present system of debiting small sums involving fractions of annas and pies in the accounts of the several Municipalities in proportion to their receipts. The Comptroller was also requested to report (a) how one third cost of the Dewan's Office establishment debited to D. F. was charged in the monthly accounts and whether the system proposed for municipal funds might not also be applied to D. F.

(d) Thereupon the Comptroller replied (1) that $\frac{1}{12}$ of the contribution was intended to be charged in the monthly accounts (2) that the

the suspense account refers to Provincial funds, (3) that the proposal of Grant to meet the establishment charges from Provincial funds in the first instance and to recoup the same at the close of the year from Municipal funds by debiting them with their fixed contributions commends itself to him, as a simpler and less complicated one and would be adopted if ordered. The Comptroller added (4) that the $\frac{1}{3}$ cost of the Establishments chargeable to the D. F., was charged to the L. F. Cycles and that the system proposed for Municipalities might be adopted in the case of the D. F. also. (Vide Comptroller's No 2384 of 17/6/98).

(e) The Comptroller's letter with office draft prepared

+ No 2384 of 17/6/98.

under orders of the then Under Secretary Mr. T. Paramasivam Iyer ~~who~~ ~~~~ appended hereto were submitted for orders but were ordered to be filed.

May sanction be accorded to the "simpler and less complicated" proposal of the Comptroller to levy fixed contributions from each L.F. Board and to credit the same annually to Provincial funds the cost of establishments being debited in the first instance to the latter funds. This, it is respectfully submitted, will obviate the necessity for the ~~separ~~ preparation of a separate Banamand for the L.F. Branch ~~from~~ distinct from ~~that of Provincial~~ that Banamand for the whole office and minimize the difficulties which may arise in effecting ~~and facilitate the~~ inter departmental changes * in filling up vacancies, correspondence of the receipt of funds.

* occurring in this & other Branches of the office

(3) In regard to the submission of Budgets through the office of the Comptroller, it is submitted that under orders noted in the margin the Budgets are being received in this office direct from Presidents & the annual accounts alone through the Comptroller.

The Comptroller to the Govt of Mysore.

Note for the orders of the Dewan.

From municipal & local funds I wanted 9 hands in the central office after full consideration, but the Chief Secretary gave me only 8 hands. Mr Paramasiva Iyer wants 9 & I beg you will kindly accord sanction for the same.

3. I think that the cost of the establishment may be debited to municipal and District funds. If you agree, I shall pass an order accordingly.

claims of officials in the various
Branches, tho' his decision would
naturally be largely influenced

No reason is assigned for the change introduced in 1892 of the practice which was till then obtaining of debiting the cost of the establishment to the Provincial Funds. I think we ought to revert to the old practice. The Administrative control reserved by the Govt in this Deptt is outside the Funds which are intended to be expended for the local wants. I mean the Govt control does not form part & parcel of the administration of the Funds – Apart from this I think some relief to the funds is absolutely necessary & I hope that the Local Deptt funds may be relieved

SIR,

With reference to paragraph 2 of Government Proceedings No 18027 / L.F. 386-92 dated 23rd april 1895, I have the honor to state that the cost of the establishment maintained in the district office at Mysore inclusive of contingencies is Rs 1008/- per annum or Rs 84/- per mensem and is distributed among the several municipalities in the proportions noted in the margin. This apportionment is made by the deputy commissioner in his municipal cash account and it is only when such apportionments are not correctly made that intimations are sent by this office. The apportionments intimated in this office memo No 169 / dated 29th march 1895 are for each of the months of July to

1. Mysore City . Rs. 775
2. Trunk Roads municipalities . . 130
3. Hunsur . . . 28

11. Saligram . . . 6
12. Sosale . . . 4
for annum Rs 1008

to November 1894 and not the aggregate of the 5 months. The intimation of the apportionments of the Income tax from July to October 1894 was given in this office memos 1629 and 1651 dated respectively the 14th December 1894 and 26th March 1895; the apportionment of the Rs 130/- among the Municipalities of the French Rocks Sub Division has alone to be done in proportion to the income of each Municipality agreeably to your docket No 18133/L.T.26-94 dated 24th April 1895 and which can be given effect to either Monthly or Yearly. It will thus be seen that the cost of establishment is charged off at once, without subsequent adjustment.

The 2/3 cost of the Revenue office Establishment and the entire cost of the Comptroller's, is first debited to Suspense and adjusted at the close of the year, in proportion to the receipts of each Municipality and as this procedure entails great delays as the adjustments can only be made after the whole of the accounts are received and checked, I would suggest that fixed amounts calculated on the average revenues of 5 years may be

debited against the Municipalities
such amounts being provided for

Explaining the apportionment of the cost of the Municipal Establishment maintained in the District offices Mysore and in the Demans and in Comptroller's Office

To the Councillor

A draft prepared in the Office is submitted herewith.

It appears to me that the substitute for the present practice is no less convenient. To make payment for the Provincial funds as an advance or loan & then to recoup the same from the annual fractional deductions for the Local Fund & Municipalities concerned is complicated as the existing practice.

I would be better to allot for the L. F. fund as at present a monthly lumpsum say 4 or 500 per Office for G. I. and collect the petty fractions in accounts Municipalities for the charge.

SIR,

With reference to Government Proceedings No 22795 L.72.92 of the 13th June 1895, inquiring whether the proposal made in para 2 of my letter No 2034 of 29th April last, was to charge one-twelfth of such annual fixed allotments to each Municipality in the monthly accounts and whether the Suspense Accounts to which the charge is debited in the first instance belongs to Municipal or Provincial Funds, I have the honor to state that one-twelfth was intended to be charged monthly and that the Suspense account refers to the

the Provincial Fund. The proposal of the Government to meet the charges on account of Establishments etc from Provincial Funds in the first instance and recouping the same at the close of the Year from Municipal Funds by debiting them thereto as contributions commends itself to me as a simpler and less complicated one and will be adopted if so ordered.

The one-third cost of the Local Boards Branch establishment of the Revenue office, is distributed in equal proportions among the 8 District Fund Circles, that of Europe being distributed between Europe and the French Rocks Sub-Division in the proportion of $\frac{8}{13}$ and $\frac{5}{13}$, the fractions representing the number of

of Talooks in each circle. The system proposed for the Municipalities may be adopted in the case of the District Funds also

SIR,

I have the honour in inviting your attention to the Note to para 430 and paras 440, 441 and 442 of the Office Manual compiled by Mr. T. H. S. Biddulph, to state that the suggestion of forcing a contribution to be levied from each Municipality towards the cost of the Establishments maintained in the Secretariat and my office, was made by me so far back as 1895, in my letter No. 2034 of 24th April 1895, to which no definite orders have as yet been received. The procedure is simple and will save considerable labour of calculation in this office.

The submission of the Budgets through my office will ensure greater accuracy in their preparation, as it has the means of checking the provisions made therein, and will greatly obviate the necessity for supplemental Budgets

The suggestions referred to in paras 441 and 442 also meet with my approval and are recommended for adoption

I have the honor to be,
sir,

Order thereon

It is observed that the total contribution payable from municipal funds towards the cost of establishments in the Dewan's and Comptroller's offices and contingencies, comes to Rs 8180 per annum rising to a maximum of Rs 8900, which exceeds the figure given in the above by Rs 300. The discrepancy requires explanation.

(2) Further the contributions proposed are only meant to cover the cost of establishments maintained in the Dewans and Comptrollers offices and not in those of the Dy Comrs, whereas the municipal and L-T- Branches in the ordered to be amalgamated, and cost of establishments of all as provided in Pro of 6th December was ordered to be apportioned in the Comptr

fice with due reference to the
expenditures from the District and
municipal funds. The Comptroller
is therefore requested to prepare the
account of contributions payable by
each municipality so as to include
cost of establishments maintained
District offices and to submit a
separate statement of contributions
payable from District Funds also.

(3) As the contributions on
account of establishments are proposed
to be adjusted in the Comptroller's
office once a year, it should be
provided under what head ~~not~~
charges incurred every month on pay bills will
remain pending adjustment at the end of the year

SIR,

With reference to para 1 of Government Proceedings No. 8632 / L. F. 3. 97 of 25th January 1899 requesting to explain a discrepancy of Rs 300/- in the amount of Contribution payable from Municipal Funds towards the cost of the establishments in the Dewan's and Comptroller's office arrived at by my office and that of the Dewan's, I have the honour to state that the calculation as per margin was arrived at in accordance with article 96 of the Mysore Service Regulations, which indicates the mode of obtaining the value of a progressive appointment for financial purposes.

As regards the last sentence of para 2 of the

Value of 10 to 15 = Rs 70 to 105 — Comptroller's Office. — 1st Grade Accountant

the Proceedings under reference I beg to state that as the question of debiting the cost of the Local Boards Branch, as proposed by the President of the District Fund Boards in the Province District in the proportion of 2/3 to District Funds and 1/3 to Municipal Funds is under Consideration, the revised Statement called for will be furnished after the question is disposed of.

In reply to para 3 I have to state that the Contribution is not levied every month, but will be adjusted at the close of the year. The amounts of pay bills are charged to Suspense Provincial.

I have the honour to be
